

3RS STATIC SHOCK RACKS

SKB's 3RS Shock Rack cases are tougher, lighter, stronger and better than any other rack case out there in the market. The 3RS series cases are identical to the 3RR series only with a static mounted shock rack instead of a removable rack.

These cases are also featured-packed for ease of use, with convenient integrated wheels (24" and 30" models only), lid hangers, couplings straps, and more. All 3RS cases are independently tested and MILSTD 810-G certified. This means you can use our 3RS racks in the most extreme environments and conditions while your sensitive equipment will keep working and stays protected. And we are so convinced of the quality that we back it up with a lifetime warranty!

The 20" and 24" deep rack models are suitable for IT equipment such as routers, switches, storage and communication devices. The 30" deep model is perfect for servers, heavy storage devices and power supplies. Typical applications are in military, security, and broadcast, where maximum protection is needed!

Recessed latches for protection and durability

Comfort grip and spring loaded lift handles

Convenient integrated wheels

Rackable Depth	Available Height Units	Waterproof (IP67)	Water resistant	Rated Duty	Wheels integrated	Military Certified	Shock Absorbed	Stackable	Rack removable

*20 inch models come with optional caster board

SPECIAL FEATURES

- ✓ Meets or Exceeds MIL-STD 810G—that means you are assured of performance & quality
- ✓ IP67 rating ensures your devices stay dry no matter what weather
- ✓ Standard shock absorbers suitable for payload range of 18 to 68 kg with extra shock absorber kits available to extended payload up to 136kg if added weight is needed
- ✓ Integrated side casters eliminate heavy lifting & ensure easy transport
- ✓ Roto-molded shell ensures industry leading strength & impact resistance
- ✓ Molded in stacking ribs and lugs are designed to stack with competitive manufacturers cases
- ✓ Black powder coated stainless steel latches are recessed for protection & durability
- ✓ A built-in pressure relief valve helps to maintain an ideal environment at any altitude
- ✓ Never lose your lid again—the case housing has convenient lid hangers
- ✓ Coupling straps provide efficient & secure transport
- ✓ Comfort grip & spring loaded lift handles
- ✓ Standard 19" Rack width per ANSI/EIA-310-C
- ✓ Square hold rack rails to accommodate either #10-32 US standard, or 6mm international standard cage nuts
- ✓ Lifetime warranty
