SKB iSeries cases have only one goal: to protect your equipment to the maximum, no matter the size, shape or use. Interior options on most models include:

- **layered foam:** put your equipment on top of the foam,
- **cubed foam:** trace your equipment and pluck away pre-cut foam cubes,
- **padded dividers:** easily adjust and re-connect nylon walls with velcro,
- or an **empty** interior.

The iSeries cases also feature a high quality **PE form-cut foam interior** to accommodate any style of equipment. Don't underestimate the preset foam interiors SKB offers you! All options can be found on our website www.skb-europe.com.
